What I need to learn at home this Autumn Term in Maths

UPKS2 - retrieval of number bonds to 10, 20, 100 and 1000 including decimal places

Speedy facts I need to learn

Number bonds to 1000

If I know

3 + 7 = 10

#

Then

30 + 70 = 100

So

300 + 700 = 1000

Complete for all the number bonds to 1000

+/- 1, 10, 100 from a 3 digit number

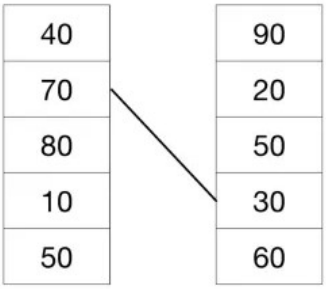
For example

123 – 1 **123 + 1**

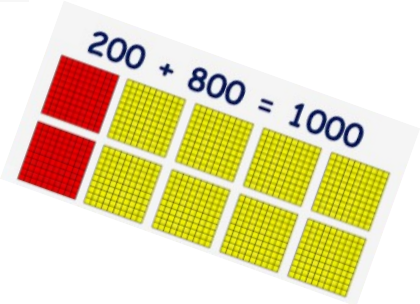
123 – 10 **123 + 10**

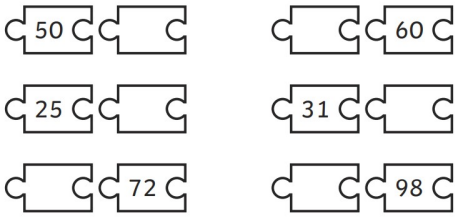
123 – 100 **123 + 100**

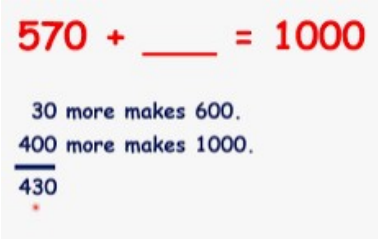
Which digits change?



+ 150 = 1000	+ 710 = 1000
330 + = 1000	650 + = 1000
+ 760 = 1000	+ 620 = 1000
40 + = 1000	590 + = 1000
+ 160 = 1000	+ 220 = 1000
60 + = 1000	790 + = 1000
+ 155 = 1000	+ 715 = 1000
335 + = 1000	655 + = 1000







Times tables practise - you will need to recall all your times tables.

You can time yourself or make up songs to help you. Or LOGIN to Times Tables Rockstars to practise!
