

What I need to learn at home this Autumn Term in Maths

Y4 Number bonds to 100 and 1000 +/- 1, 10 and 100 from a 3 digit number

Speedy facts I need to learn

Number bonds to 1000

If I know

$$3 + 7 = 10$$

Then

$$30 + 70 = 100$$

So

$$300 + 700 = 1000$$

Complete for all the number bonds to 1000

+/- 1, 10, 100 from a 3 digit number

For example

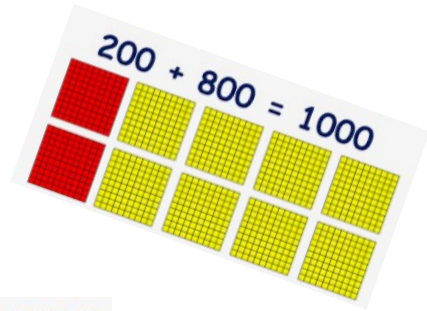

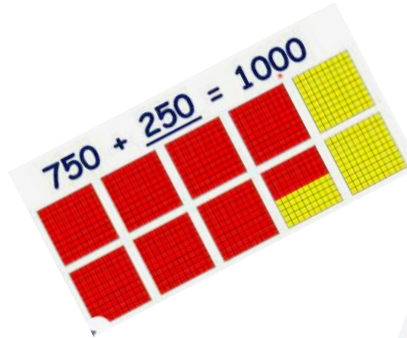

$$123 - 1 \quad 123 + 1$$

$$123 - 10 \quad 123 + 10$$

$$123 - 100 \quad 123 + 100$$

Which digits change?

40	90
70	20
80	50
10	30
50	60

570 + ____ = 1000

30 more makes 600.
400 more makes 1000.

$$\begin{array}{r} 430 \\ \hline \end{array}$$

Times tables practise - you will need to recall your 3, 4 and 8 times table and start learning all your tables to 12 x 12 =

You can time yourself or make up songs to help you. Or LOGIN to Times Tables Rockstars to practise!
